## Formula For Inflation

As long as the federal government continues to finance its needs by heavy borrowing, directly or indirectly from the banks, it will increase the amount of money in circulation and the amount of new bank credit. This pours a constant stream of excess purchasing power into the economy, lowers the value of the monetary unit and increases the upward pressure on prices and wages.—New York Times.

## The Reluctant Bureau

The Rural Electrification Administration, tax-subsidized arm of the federal power socialization program, announces that it wants no part in cooperating with private utilities to promote rural power services. It fears that private power companies may convince the public that they can best provide necessary new facilities. REA officials even went so far as to accuse private electric companies of reducing rates to discredit REA.

The joke of it is that if private companies were given the same tax subsidies, tax exemptions and cheap government money that are furnished REA projects, they could reduce rates to such an extent that REA charges would look like plain robbery of electric customers. It will be a sorry day for electric consumers and taxpayers if the government's socialized power program is ever able to complete the monopoly of the electric business toward which it is now working.

## CINEMATIC CHATTER

By Malcolm Miller  
Sunday-Monday at the Everglades will see the screening of one of the most talked of motion pictures that has played here in some time. This one is Barbara Stanwyck and Dennis Morgan starring in "Christmas in Connecticut," the story of a soldier, victim of a ship wreck who is advised to spend a quiet vacation in the country. Barbara posing as a country lass, when she is in reality a feature story writer for a prominent magazine, falls in love with him. There is the gist of the thing. But I couldn't tell you in many pages just what a swell show it is. You'd have to go to the theater and draw your own conclusions. But do see it.

We are going on a trek into Africa on Tuesday and Wednesday with "White Pongo," which stars Richard Fraser and Lionel Royce and tells the story of a hunt for a murderer in that land of mystery.

Second picture on the bill is Noah Beery, Jr., and Bonita

Granville in "The Beautiful Cheat" which is the kind of story one would expect to find, the kind of comedy that this one is loaded with. It's cute and you'll like it, I'm sure.

"Johnny Angel" is the opener for the double featured bill on Thursday and Friday. This one stars George Raft and Aimee Hasso and has to do with a murder at sea, a ship without a crew, a woman's show and blood stains and a goody portion of goose pimples and shivers when they go to unravel one

of the best mystery murders in some time. Jack Haley and Ann Savage are on the same bill. They offer "Scared Stiff," which is likewise a quiver and squeak with some of the most tummy wrenching laughter you've found in it in some time. Saturday brings Eddie Dew and Maris Wrixon in a western tale under the title "Trail to Goshute." This one sounds good and I'm sure it will be average western.

See you at the movies.—Mal.

## Shopping Hangover

Shopping is hard work at best — hard on the feet and hard on the pocketbook. Stores are crowded with holiday buyers, goods are still scarce, and bargains aren't always easy to find. Except electricity! Lady, you don't have to stir one step outside your home to get a whopping big bargain in comfort and convenience — at low pre-war prices.

Electric service is always right at your fingertip — plentiful, dependable, ready 24 hours a day to lighten your household burdens and make your way of living more pleasant.

And it's cheap! As a matter of fact, the average family is getting just about twice as much electricity for its money as it did 15 years ago.

Yes, electric service is a rare household bargain. But not by accident. It's the result of the hard work and experience of the men and women in your company.

\*Hear Nelson Eddy in "The Electric Hour" with Robert Armstrong's Orchestra. Every Sunday, 6:30 P. M., EST, CBS.

## Resigns His Position

R. K. Barlow, who for more than three years past has been in the employ of the Fears department store, has resigned his position to enter the insurance field.

## Barbecue a Success

The advisory committee for the DeMolay chapter and Reinbow Girl association are most appreciative of the fine patronage which the citizens gave the benefit barbecue supper at the high school cafeteria last Friday night. More than 400 persons partook of the fine repast, and

as a result, the Masonic youth clubs will have \$312.50 for their treasury use. Many donations of food were presented by farmers and merchants for the supper.

Social Happenings

Mr. and Mrs. Hardy Taylor have returned from Caled, Va., where they were called by the critical illness of Mrs. Taylor's father, R. L. Wright.

Miss Sue Stanton, who has held the position of dietitian at the Migratory Labor Hospital for the past two and a half years has resigned and is leaving this week for Charlotte, N. C., where she is accepting a similar position at Mercy Hospital.

Mr. and Mrs. William C. Rogers left this week for Charlotte, N. C., where they plan to make their home. Mr. Rogers has been employed here for the past six months by the Bology Company.

The Rev. and Mrs. Frank Blair of Wyandotte, Mich., are visiting their daughter, Mrs. W. Rashley and family.

David Davis of Hartville, H. Anderson of Danville, and A. J. Sherman of Lima, all of Ohio, were visitors here last weekend.

Mr. and Mrs. Earl Daniels have recently moved into the Fears hotel, where she has accepted the position as manager.

Mr. and Mrs. R. B. Simmons spent several days at Miami Beach last week.

Miss Carol Seuran and her former classmate at Duke University, Miss Jean McArthur of Miami, are spending a two week vacation in Havana, Cuba.

Mrs. Inez Swarts of Richmond, Va., was a recent guest of Mrs. W. F. Knight.

Mr. and Mrs. William Parker of Atwater, Ohio, and Mr. and Mrs. Earl Bowman of Alliance, Ohio, are the guests of Mr. and Mrs. Don Asper.

Miss Nellie Cook spent last week and in LaBelle at the home of her parents.

Ronnie, baby son of Mr. and Mrs. Charles McWhorter, returned home Monday from the Good Samaritan Hospital, in West Palm Beach.

CHOATE-TAYLOR  
NUPITALS PERFORMED

In an impressive double ring ceremony in the presence of relatives and friends, Miss Mary Louise Taylor, daughter of Mr. and Mrs. H. M. Taylor, became the bride of Corporal Charles Paige Choate, at the Community Methodist church, Wednesday evening, January 30, at 7 o'clock, with the Rev. Walter Cross officiating.

The church was beautifully decorated in palm fronds and gladioli and preceding the ceremony, Miss Margaret Haines, organist, played several selections, after which Miss Mary Alma Murphy sang "I Love You Truly." Lohengrin's "Wedding March" and "To a Wild Rose" was played during the service. George A. Taylor, uncle of the bride, was best man.

The bride, who was given in marriage by her father, wore a medium blue gabardine suit with pink accessories, and a shoulder corsage of orchids. Miss Eva Sue Taylor was maid of honor for her sister, and wore a light blue dress with a corsage of sweetheart roses. Mrs. Taylor, mother of the bride, wore a green gabardine suit with yellow accessories. Edith her corsage was of yellow roses.

The bridegroom is the son of the late Mr. and Mrs. F. E. Choate of Galesburg, Va., and recently returned from sixteen months service with the army in the European theater of operations. He is a graduate of Galex High School class of 1942.

Mrs. Choate is also a graduate of Galex High School, class of 1945, and came here two years ago with her parents, and for the past fifteen months has been employed by the City of Belle Glade as assistant city clerk, and water department clerk.

After a wedding trip to northern points, the couple will make her home with their parents, until he receives his discharge from the military service.

Out of town guests included Mrs. J. K. McKnight, of Galesburg, Va., cousin of the groom, and Mrs. Mae Rust of Miami.

MISS OPAL EARNEST  
ANNOUNCES BETROTHAL

An announcement is made of the engagement of Miss Opal Virginia Earnest, daughter of Mr. and Mrs. Fred T. Earnest of Belle Glade and Sarasota, to Raymond Tripet, son of Mrs. Ida Tripet Bretelle, of Chicago and Los Angeles.

Miss Earnest received her education in Sarasota before coming here with her parents to make her home two years ago. She has been employed at Murphy's Pharmacy and the post office during that time.

Mr. Tripet recently returned to the States following twenty-seven months of service in New Guinea and the Philippines with the Army Signal Corps, and received his discharge in November.

Tripet has spent the past two weeks here at the home of Mr. and Mrs. Earnest, and has left for Los Angeles to become located in business.

The wedding will take place in March.

FAMILY PICNIC HELD  
AT BACOM POINT

A fishing trip and family picnic was enjoyed at Bacom Point Sunday by Mr. and Mrs. Charles Tryon and family of South Bay, Mr. and Mrs. Robert Thomas and son, Mr. and Mrs. O. F. Thomas, Mr. and Mrs. B. T. Webster and family, Mrs. Othel Armstrong, Miss Vanell Thomas, Loull Thomas, Miss Betty Roberts, Edith Crosby, Mr. and Mrs. Brooks Spann and daughter, and Mr. and Mrs. Orin Gilbert.

Boy Scout Drive  
During Scout Week

Lou Betaner, chairman of the Finance Committee, will lead a meeting at a breakfast on Monday, February 4th, at 8:30, for the purpose of mapping out a campaign of fund raising in behalf of the Glades Boy Scouts for the coming year.

All Scouts and those interested in helping the boys are cordially invited to attend. Special invitation is made to those returned G.O.s who are interested in helping with Scouts. The local troops are growing and a critical need for younger men to work with the boys may be helped by some of the veterans.

**NORTON GLEE CLUB**  
(Continued from page one)  
and all of her numbers were attentively listened to, not only for tones, but the effective artistry she displayed.  
As accompanists of the evening, Edna M. Wallace with the club, and John Bayard Currie with the soloists, their effective work added much to the success of the evening.  
What of the Glee club? Well, when it came to choosing the best liked selection of the six-part program, one was as puzzled as in that old story, when John and Mary tried to select one of their children to give away in adoption, and the ques-

tion was "Which shall it be?" After cogitating the question, it was decided to accept them all as good and favorable.  
This club, composed of 30 singers, certainly can warble classic, popular and spiritual selections to the queen's taste, and every number presented was enthusiastically received. The climax came with the added number "The Bells of St. Mary's" sung most tunefully, with the audience asked to join in the last verse and chorus, and did that old auditorium ring with that unified singing?  
The end of a pleasant evening came to the guest artists and club members at the Women's Club, after the concert where the Woman's Club women served them with a cafeteria lunch of assorted sandwiches, cake, plenty of Glades Pascal colery and coffee. The boys proved that they were just as good eaters as they were singers, and they had a merry time during the refreshment hour. But when the club sang that selection "Good Night, Ladies," to the committee, it was overpay for all that had been done in a hospitable manner.  
The Glee club carried with it its own service flag showing 38 stars upon its field, but without a single gold star.

After the concert, the women served them with a cafeteria lunch of assorted sandwiches, cake, plenty of Glades Pascal colery and coffee. The boys proved that they were just as good eaters as they were singers, and they had a merry time during the refreshment hour. But when the club sang that selection "Good Night, Ladies," to the committee, it was overpay for all that had been done in a hospitable manner.  
The Glee club carried with it its own service flag showing 38 stars upon its field, but without a single gold star.

structural engineer, and has just retired from army service of three years at Oak Ridge, Tennessee, home of the atomic bomb. He owns a summer home in the Smokies in Tennessee and is now arranging to build a winter home in West Palm Beach.

**Call For X-Ray Tests Sort of Disappointment**  
The visitation to the county tuberculosis X-ray van, which came here to make chest tests last week, was not as great as had been hoped by J. W. Moore, who was in charge of the clinic.  
At the city recreational park, some 300 white persons came and submitted to the tests; some 45 colored people visited the school house and then the outfit was moved to the packing house section where the help was marshalled into line, for the test, an ordeal to which many did not take kindly. The negro is afraid of new fangled ideas and medical machinery.  
The corps was at Camp Okelobee where Manager Henry O. Earwood had made it obligatory for camp residents to line up for the tests.  
Each person taking the tests was given a number and the picture secured was labeled with that number, and later required to be made to the medical center and to the individuals.

**Gathering In Coin For March of Dimes**  
The March of Dimes movement in Belle Glade was taken over by the schools, and indications are that a goodly sum will be sent in from the city for this fund for the Warm Springs foundation in Georgia, originally founded by the late Franklin D. Roosevelt.  
Donation boxes were placed about the business marts of the city, and these were supplemented by the card solicitation of school children who were busy indeed, and by a downtown March of Dimes board conducted by school boys. The campaign continues thru the present week.

**Revoke Permit And Study Zoning Problems**  
Reading of the minutes of a special meeting of the Commission brought out the fact that the building permit granted to E. H. Borehardt for the erection of four prefabricated houses in the Holloway third addition, had been revoked. This was done on the basis of the second opposing petition signed by property owners, and because it is alleged the houses did not come up to city requirements, and did not meet the specifications on which the permit was granted.

**Husband Labor Supply Is Word To Growers**  
If S. McLeond, assistant farm labor supervisor, this week issued a statement on labor, which from a state wide viewpoint, does not look any too encouraging.  
He points out that not all Florida labor is working full time, and many do not want to work more. The return of veterans has not changed the situation greatly, as many of them want a rest period from their service duties.  
The picture of the labor situation for 1946 is hazy, to say the least. He urges farmers to husband their labor forces, and to provide better housing provisions, as around 90 per cent of the imported farm laborers have not renewed their government contracts, and hence there is a big shortage for that reason.  
A sizeable delegation of Jamaican laborers arrived at the Okelanta plantation the past week and are housed in an new health department approved camp. These workers will be used in cane fields.  
The president of the United Fresh Fruit and Vegetable Association, representing 2000 growers, packers and shippers, in convention at Chicago, with delegates present from the Glades, advocated removal of OPA ceiling prices on these foods.  
"We should insist upon progressive removal, timed to go into effect during a period of inadequate supply," said O. D. Miller of Phoenix, Ariz., in an address prepared for the association's 42nd annual convention. "Ceiling removals in each case should be final," he said, adding:  
"Government controls probably are a necessary evil of war time. But when they are extended beyond the period of the war emergency, we are confronted with the question, who controls the controllers?"

**Revival Meetings To Be Held At Baptist Church**  
The Rev. I. E. Enlow is announcing that revival services will begin at the First Baptist church Sunday morning and continue for two weeks. The Rev. P. M. Montgomery of Louisville, Ky., will conduct the services and three choirs will be featured. The general public is cordially invited to attend.

**Completes Big Farm Improvement**  
S. E. Parker, of Oviedo, who has been working with his drag line outfit for the past seven months on the present Duda farm, has completed his work and has moved his equipment to Cocoa and Jacksonville. While here, Parker put in roads, ditches and other work on two sections, and the owners now have a mighty fine farm for raising edery and specialty vegetables, which they at present clear thru the Borehardt packing house.  
Mr. Parker is to develop new pasture lands for the Duda at Cocoa, and after that work is completed, expects to return to Belle Glade where he will do other drainage work.

**Department To Spend Millions On Roads**  
The State Highway Department held its January meeting at Sebring, which was attended by many delegations from county commission board members and contractors seeking post-war contracts.  
The department announced that it had set up a tentative budget for 1946 as 29 million, of which 31 million will be for new construction work and 8 million for maintenance.  
The fifth congressional district, which is our territory, will be apportioned \$7,102,576 for construction and \$1,012,815 for road and bridge maintenance. These sums ought help out the road situations in south Florida, and the Glades, and mean considerable road building and the fixing up and maintenance of present ones, and everyone is pleased.

**HOUSES FOR RENT**  
Lights, water, shower, toilets in every house. Three miles from post office, on hard road. Phone 130, or drive to

**WHAT'S AHEAD IN TELEPHONE SERVICE?**

In case you don't recognize me in the turban, I'm Telephone Tommy...gazing into the future. What I see is of great importance to every Floridian.  
I see telephones in the future for all who want them. I see a lot of people with new jobs and steady incomes...more good customers for more businesses...added prosperity for Florida—all as a result of the tremendous expansion program started by the Telephone Company.  
This program involves the expenditure of more than \$300,000,000 in the nine southern states and means that the present investment in telephone facilities in Florida will be practically doubled.  
So, I see the need for a heap of money. This money will have to come, as it has in the past, from the savings of hard working, thrifty people.  
Unless they have confidence in the safety of their investment and feel assured of a reasonable return on that investment, new funds for future expansion will not be forthcoming.  
\* So, it is easy to see that earnings have an important place in your future telephone service.

**A New Year... A New South**  
As the South enters another new year, it may well pause to appraise its opportunities. The out of its recent past a most promising future is arising; vast in its scope, stirring in its possibilities, revolutionary in its significance. The South now stands an excellent chance of fashioning the new South of which it has dreamed for so long.  
Possessing abundant natural resources, a friendly climate, and an adaptable people, the South for many years has been recognized as a fertile field for industrial development. And now, having acquired the resources of new capital, skilled labor, and billions of dollars of new capital, the South is fortified with the essentials of a strong, diversified economy.  
In addition, as science continues to develop new uses for the South's farm products, timber and minerals, unprecedented opportunities for new business, large and small, are opened. Locating near supplies of raw materials, these enterprises already are providing new sources of income for Orlando and scores of other southern cities and towns.  
Moreover, the South's industrial program is augmented by growing populations, seeking homes in propitious localities. Recent years have remained, and other thousands are returning. Adding potent buying power, the South's increasing populations are expanding its markets and stimulating its economic progress.  
So the inherent possibilities of the South are finding fulfillment in the rich, new advantages of the present. The day of the new South is at hand. Never before could the South look forward to a new year with such confidence.

Editorial from ORLANDO (Fla.) REPORTER-STARS

**SOUTH BAY  
BEAN CITY  
LAKE HARBOR**

Mr. and Mrs. W. N. Murphy and son George made a week end trip to Ft. Myers.

Mrs. Alfred Vadass, daughter Karen and Mrs. Jennings Norton of Belle Glade visited Palm Beach Friday.

J. D. Poole sold two lots in the negro subdivision last week at the price of \$4000 apiece, according to reports.

Walter Greer went to Miami last week for an operation on his eye, Dr. Chambers being the operating surgeon.

Mr. and Mrs. J. C. Campbell and family have returned from Ft. Lauderdale where they visited Mrs. Campbell's relatives.

Mrs. H. L. Marlowe Sr. visited her daughter Mrs. Lewis Powers and Mrs. Paul Touchston at Ft. Myers last week.

Mrs. Verda Higginbotham spent several days in West Palm Beach last week having dental work done.

Mr. and Mrs. John W. Roadman of Orlando visited his brother, Robert R. Roadman, Jr., and family, in South Bay last week.

Erie Hartline is visiting relatives at Round Mountain, Ala., among whom is his aunt, Mrs. Hattie Bankson.

Coxwain Harvey Robert Hodges was stationed at Shanghai, China, when he last wrote his parents, Mr. and Mrs. J. H. Hodges.

Mr. and Mrs. R. E. Green of Clearwater were the week end guests of her brother and wife, Mr. and Mrs. A. B. Crow.

Elsie Ruth Harrell is able to return to school this week after a week's illness in bed.

J. C. Bowen visited friends in Miami over the week end.

Mrs. A. F. Curl of Belle Glade and her house guest, Mrs. Emma Dees, and her granddaughter, Martha Dees, of Vidalia, Ga., were guests of Mrs. Terrell Lee and family the first of the week.

W. H. Rawle of the Charleston, S. C. navy yard, is expected here the first of February for a visit with relatives and a hunting trip.

Mr. and Mrs. Floyd Abstein, daughter Judy, and Mrs. C. C. Abstein of Ft. Pierce, Miss Katie Crawford of Clewiston, and W. C. Pate of Belle Glade were the Sunday guests of Mr. and Mrs. W. C. Allen and family.

Mrs. Forrest Norton and son Forrest Jr., left Tuesday for a visit with relatives in Haines City.

Mr. and Mrs. Ray Thompson, Mr. and Mrs. A. Heap of Moore Haven, visited Mr. and Mrs. Edwin Best and family on Sunday.

Marvin Lee, MN 2-c, now stationed at Miami, spent the week end with his parents, Mr. and Mrs. W. M. Lee at Lake Harbor.

R. O. Plank is suffering from an injured ear drum caused by diving in 12 feet of water to clear a locked flame for a pump.

Mr. and Mrs. Bob Crouch drove her brother Emmett Fletcher and sister, Miss Aline Fletcher, to West Palm Beach Monday where they took the train to their home at Moultrie, Georgia.

The South Bay town council has arranged for a conference this week with Smith & Gillespie on the subject of installing a city water system.

Rev. William Oswald of Bonifay preached at the South Bay Baptist church morning and evening on Sunday. He was accompanied by his nephew.

Mrs. M. J. Hardy, who was a pneumonia patient at the Pahokee hospital last week, has returned to her school work. Mrs. F. W. Mutehler taught her room during her absence.

Sam Best of West Palm Beach spent the week end with his parents, Mr. and Mrs. Edwin Best.

Mr. and Mrs. W. W. Thame and son Wilbur have returned to their home at Ponce de Leon.

Mr. Thame has been in charge of the Thomas packing house at Lake Harbor. His place in the packing house is being taken by Cay Hawkins of Harrisburg, Ark. He was accompanied by his aunt, Mrs. Jess Taylor.

Miss Evelyn Lee has returned home from West Palm Beach, convalescent from a tonsillectomy performed at the Good Samaritan hospital, Dr. Sayad operating. Miss Lee is secretary to R. Y. Patterson, U. S. Sugar Corp. executive.

H. D. McAllister, Mr. and Mrs. B. D. Willis, who have been visiting Mr. and Mrs. O. M. McAllister at Bean City, left Tuesday for Lakeland to visit E. G. McAllister, before returning to their homes at Tifton, Ga.

Loti Greer of Belle Glade is setting the piling for the new home of Mr. and Mrs. Ralph Station on their lot in the C. A. Thomas subdivision.

Mr. and Mrs. Alfred Vadass and daughter Karen visited Mr. and Mrs. Stanley Bode at Buckingham Field, Ft. Myers, recently.

Mrs. Stuart Donaldson has

returned from Ritta Sugar Plantation where she spent the week as the house guest of Mr. and Mrs. E. M. McLeod and family.

Mr. and Mrs. Alton Byrd and family, who have been at Panama City for the last five years, have returned to South Bay to make their home. Mr. Byrd was employed in the ship yards during the war and Mrs. Byrd taught in the public schools.

Bill Frame, who is in the navy, has arrived in the glades on a 30 day leave and will visit his sisters in South Bay and his mother, Mrs. Irene Frame, in Clewiston. He is stationed at Pensacola.

Billy Jeffries and Ray Hardy, freshmen at the University of Florida, have arrived home to

spend the between semesters vacation with their respective parents, Mr. and Mrs. W. M. Jeffries and Mr. and Mrs. M. J. Hardy.

Roy E. Hudson and H. A. Bradwell of Orlando have four cars of potatoes en route from North Dakota which they will plant to a spring crop in the glades.

## Florida is Essentially an Agricultural State . . .

Farmers on Clematis Street opposite Anthony's in 1912

Too many people think of Florida only as a tourists' mecca, whereas Florida is essentially an agricultural State. It's true that the tourist trade developed first . . . But the rapid growth of Florida agriculture reads almost like a fairy tale. The snapshot above, taken in 1912, pictures a daily occurrence at that time. Farmers from all parts of the country, hearing of the amazing crops raised in Florida, came here to be taken out to the farming lands by members of the Chicago real estate firm which had bought farming land to resell in packages.

The first farmers, despite some difficulties, progressed rapidly, enough to furnish the nation a million and a half dollars worth of badly needed produce in the war year of '17. At that time 3000 acres were in cultivation in the vicinity of Lake Okechobee. (Now there are 130,000 acres under cultivation.)

The farmers in '17 had no mail service for as long as ten days at a time . . . no telephone nor telegraph service, and only the poorest educational facilities. They experienced almost unsurmountable difficulties at first in shipping their produce and many must have given up in despair. The work on drainage and water control which helped to bring about Florida's transformation is the work of the last two decades.

In 1944 Palm Beach County growers contributed to the nation's war effort the greatest tonnage of foodstuffs ever raised in the area and received the coveted 'Agricultural "A" flag for their efforts. Anthony's was as proud of that "A" as the growers were. We are with the farmers heart and soul . . . with them we rejoice in the productive soil of Florida . . . with them we take our hats off to the past, coats off to the future.

This is No. 16 of a series  
of ads commemorating  
Anthony's Golden Anniversary

dren, Betty Jo and Sue of Payco, Ga., and Mrs. D. D. Volner also of Payco, and A. I. Willis of Macon, were here last week to visit him and other relatives in this vicinity, including Mr. and Mrs. O. M. McAllister at Beach City, Mr. and Mrs. S. M. McAllister, Mr. and Mrs. H. L. Marlowe Jr. and their families, of South Bay.

### Veteran Gets Discharge

Steven Clarence Pate, MOM M 1-c, who has recently been discharged from Iowa City and Ottumwa, Iowa, has been discharged from the service and has returned to South Bay. He visited his mother en route home and is visiting Mr. and Mrs. Floyd Abstein at Ft. Pierce and will visit a brother, H. J. Pate, a member of the sheriff's department in Dade County, before returning to his work. Mr. Pate is a veteran of the North African, Sicilian and Italian campaigns.

Principal Harold S. Emery announces that the weekly picture show at the school auditorium at South Bay has been cancelled on account of the revival services at the South Bay Baptist church. The picture this week was shown as usual Thursday evening as the film had been received before the church

services were announced and it was too late to cancel the show.

Fire broke out in the trailer occupied by Bill Sutherland at South Bay one day last week when he was absent from home. The fire was discovered by Joe Ratley and a playmate. The fire alarm was immediately turned in and the fire engine responded to the call only to find that Mrs. Ratley, assisted by neighbors, had extinguished the blaze which had started in the bed and soon would have spread to an adjoining trailer. It is not known how the fire started unless a spark from a cigarette thought to be extinguished, had ignited and set fire to the bedding. The sheets, comfort and other coverings were badly burned. Otherwise little damage was done.

### MAYO

(Continued from Page 1)  
ing can also be extended as is demanded.

Mr. Mayo, an enthusiastic believer in the future of cattle both as a source of dairy products and beef, hatched the idea of these pavilions to encourage the industry and to serve as educational centers in all agricultural lines. Each locality is permitted to emphasize to whatever degree it wishes its peculiar agricultural activities. Citrus growing communities will mix citrus and cattle, field crops will mix with cattle in others, while in the Glades, vegetables and field crops will predominate until the cattle industry has become a full grown industry. Either vegetables or cattle may have its facilities expanded without interfering with the other, as the occasion demands.

The funds to be allocated by Mr. Mayo are from some of his special fee for inspections, and a joint liability for the upkeep and maintenance of the building will be held with local sponsors. The Budget Commission has already okayed the expenditure of the monies from State funds and the plans are hoped to be ready for contractors by the first of March.

Mrs. L. H. Lewis, Dr. A. L. Shealey and Col. M. B. Hawkins of Mr. Mayo's committee, with architect L. Alex Hatten of Orlando, and W. M. E. Fildel, of the University at Gainesville, were the visitors. Dr. R. V. Allison, Howard Haney, Professor Spear, Ralph Kidder, Joe Friedheim and Luther Jones were the local committee.

### OBSERVATIONS

(Continued from Page One)  
which the Tampa people should not permit to go unobserved or unutilized. Already Tampa has much trade in this section and could materially increase business from this lush field of trade expansion. Perhaps the Tampa tradesmen may come over to see us some day, and if they do come, they can expect a warm reception and excellent hospitality.

There's one thing about this new parking system soon to be inaugurated in Belle Glade, and that is, it will do away with the careless, haphazard method of parking at all angles, and taking more space than one is entitled to. You will use your eleven feet, and no more, and you will park at the proper angle.

Those farmers over in the Miami Locks section, with a little help from the county commissioners, are setting about to help themselves overcome flood water conditions. Already one dyke has been established along a big farm, and now a new road is being built at the locks to shut out more water, and the locks have been placed in operational form, to hedge back overflow from the lake. When people try to help themselves, then public funds come more easy to secure, to bolster their personal projects.

Just look around on a Friday afternoon and evening and on Saturdays, in Belle Glade, and you will see that our negro population does not spend all its income in a foolish manner, for you will see them going home loaded down with all type of heavy purchases of store goods.

That terrible wreck of a few weeks ago, down on Road 25, in which a large number of negroes were killed or burned, checks up five dead. Some of the victims have been released from the Migratory hospital, and others are still there recovering from serious burns.

Quit parking your cars in front of A's garage on Main street, of nights, is the latest police regulation. That space is a private entrance to the station and also constitutes a portion of the sidewalk. Of late, theater patrons have been parking their

cars there and thus obstructing pedestrian rights, and forcing the latter to go out in the street to get passage.

In what other city the size of Belle Glade, does a condition exist, where there are no white undertakings establishments? True, few of us die here early, but when the time comes that we do go, handy service would be desirable.

Those addicts to the old Scottish game of golf are going to show their wares and skill in a match game at the course of the Country Club of the Glades. Specter there might be quite a gallery of spectators to watch the match between the Belle Glade and Clewiston experts.

Rotarians of the Glades will extend a royal welcome to their state president around the banquet table, and will make his visit of such a character that he will not soon forget the Glades.

## TWO REGIONAL FAVORITES A CHOICE COMBINATION!

### CRABMEAT SUPREME

RECIPE: Melt 4 teaspoons butter in pan; add 2 teaspoons minced chives, 1/4 cup chopped green pepper, 1/4 cup of chopped sweet red peppers. Cook five minutes, stirring occasionally. Add 2 cups white cream sauce, and season with tablespoon Worcestershire sauce, a pinch of nutmeg, and salt and pepper to taste. When boiling point is reached, add 4 tablespoons Russian Dressing and blend well. Serve on little French pancakes or small split hot biscuits with golden, sparkling JAX Beer. Serves 4.

JAX has mailed \$5.00 to Mrs. Catherine Parmaree, Box 63, Tallahassee, Florida, for the best taste-testing regional recipe. Send taste-testing regional recipe suggestion. If in your regional recipe is reached, add 4 table- published, \$5.00 will be paid for its use. Address: Recipe Editor, JAX Brewing Company, Jacksonville, Florida.

### Delicious JAX Beer!

Wonderful together! ... appetizing Crabmeat Supreme and delicious, satisfying JAX! Here are two favorites of regional greatness. Yes, they complement each other, these flavorful delights that spell more mealtime enjoyment.

With sparkling, golden JAX there's always something special about a meal. This fine beer is brewed particularly to please the tastes of the Southeast... so it's always mild, mellow, tangy, restful! Enjoy JAX today!

Say JAX! you can't buy better beer at any price!

**FARM BUREAU**

National associations of re-

tailers have been asked by the fruit and vegetable department of the American Farm Bureau to develop merchandising programs to assist in moving winter celery into consumption during February and March. The supply is expected to continue far above normal. This action is a move to boost the market which has practically collapsed due to heavy shipments.

C. W. Kitchen, assistant administrator of the Production Marketing Administration, has been selected as vice president of the United Fresh Fruit and Vegetable Association to succeed the late William Garfitt.

An extensive survey on the industrial possibilities of transporting fresh fruits and vegetables by air has been completed by the Bureau of Agricultural Economics, USDA, and will be ready for distribution in February.

United States civilians have available for purchase during this period approximately 45.1 million cases of canned fruit and fruit juices, and 247.5 million cases of canned vegetables, according to a USDA announcement. This represents a marked increase over supplies available for the same period last year.

Stocks of merchantable potatoes held by growers and local dealers in or near areas of production are 11 per cent smaller than the record crop of 1944, it was announced last week. A reduction of five per cent was noted in the reports of growers planting intentions for 1946 from 37 states.

To fulfill expert commitments the USDA announced intentions of purchasing 8.5 million pounds of dried eggs, for delivery in February and March.

mercial fisherman at Okechobee, has qualified as a candidate for a fourth term as representative in the State Legislature from the Okechobee county district.

**BELLE GLADE**

Continued from page one.

This building up of postal receipts represents a normal growth and not spurred on by service men's centers and postal spendings, but came from the local people, farmers, packing house and industrial sources.

Mr. Farnall is highly pleased over this ever growing business. A recent inspection by a postal inspector caused the report to be written across with the word "Excellent," as to the manner of office accounts and operation, under rather adverse conditions. Mr. Farnall is most anxious to hear the Congress has allotted the \$85,000 recommended by Congressman Dwight Rogers for a new federal building in Belle Glade, and that the time may not be too far away when it can become a reality.

**Buys Duster Plane**

Red Innes, who served three years in British territory as a ferry pilot, recently went to Cameron, S. C., where he purchased a Stearman plane. From there he used the plane to make trips looking up additional equipment for his dusting business. He is now converting his old "duster" at the local airfield. Innes soon expects to resume his pre-war business as a crop-duster.

**Mission To Lepers  
To Present Speaker**

The American Mission to Lepers, Inc., will present Mrs. T. R. Husk, southeastern secretary, on Thursday, February 7, at 8 p. m., at the Okeola Camp school building. She will speak on the subject of leprosy, the oldest disease known to the world, and the possibly 1800 cases in this country.

The Okeola Sunday School is sponsoring this program, and the public is cordially invited to attend.

**Local Board Officials  
Recognized For Service**

George Meade, chairman, Harry Waldhegger, appeal agent, John Harris, former chairman, Ralph Freeman, former member and assistant appeal agent, and Luther Jones, member, have been presented with a Certificate of Merit in the name of the Congress of the United States, signed by Harry Truman and Lewis B. Hershey.

The Selective Service Medal with lapel button accompanied the award as a part of it. Waldhegger and Luther Jones accepted the certificates for themselves and their contemporary officials at a formal occasion in Miami held by Brig. Gen. Vivian Collins.

**Move Baptist State Home**

By action of the recent session of the State Baptist convention at Jacksonville, official action was taken whereby the orphan home at Arcadia will be removed to Lakeland. In the latter city, spacious grounds have been secured for the erection of large modern buildings, to house an increased capacity of children, and other church wards.

The convention chose Tampa as the seat of the 1947 convention, which will be headed by Rev. C. H. Bolton, of Miami, as moderator, and Rev. M. D. Jackson, of Orlando, as executive secretary.

**FLORIDA MUST HAVE**

Continued from page 1  
crews are making very fine progress in harvesting the bumper crop, but no estimate as to the time of conclusion has yet been given by the corporation. Over at Felsenner, harvest of some 3500 acres of cane is in progress and the raw sugar is refined in the company's own refinery. The company this year added 100 acres to its plantation and will put out 600 more the coming season. Out at Okechobee plantation, most of this season's cane has been used in planting for next year's crop. Meantime, progress is being made in the erection of the imported refinery and processing mill brought over from Puerto Rico, as well as in the development of the central village and the main office building out along Route 26.

E. H. Borchardt, who attended the recent national convention of the United Fresh Fruit and Vegetable Association at Chicago, states that he learned many things and ideas which Florida growers will need to adopt in their business. "Call Mr. Borchardt says: "Call-

fornia growers are making money out of us Florida growers, selling right in our back yard market, despite a much heavier freight or express tariff. How do they do it? Well, they produce and have a steady supply market at all times which attracts the notice of the buyers for the better class of produce houses, who buy for consumer use and not for speculative purposes. Their products are no better, it is as good, as we can produce in Florida, but they have a better system of packaging and shipping their wares."

"What has to occur in Florida is to plant more acreage and produce a steady market supply of the wanted commodities at the year round seasons. Better buyers insist on this standard of service and will buy nowhere else, if their wants are provided."

"We have also to plant a more diversified line of vegetables, for their respective seasons, for the consumer demand is never satisfied, and they are looking for the fresh vegetables and they buy, regardless of the price, when they hanker for them."

"Here in the Glades we can grow radishes, carrots, Chinese cabbage and specialty vegetables better and cheaper than they do in California and our forwarding charges are much less, so if we rise to the demand, we can go to town."

Owing to experimental growing of carrots last year and 20 acres this year, E. H. Borchardt

is convinced that carrots can be grown here on a profitable basis, and harvested and marketed to compete with the California market, who now control the greater portion of sales on

this universally used household vegetable, which outsells most any other commodity in the north and west. Working out a harvesting system, a package container and bunching process,

as well as bulk sales, is yet in its infancy, but this will be effected, and then carrots will take the place they should have in the Everglades production field.

### Birthday Party

The Edwin Best home at South Bay was the scene of a joint birthday party honoring Carolyn Mutchler on her 17th birthday anniversary, and Willis Warren on his 18th anniversary. Miss Marian Mutchler and Miss Martha Ratley were the hostesses and provided games for the entertainment of the guests.

Cake and ice cream were served to Norma Jean Armstrong, Martha Jean Ratley, Carol and Audrey Best, Howard Woodham, Leland Hardy, Marjorie Byrd, Don Walker, Bud Baker, Dorothy Walker, Herbert Warren, Ruth and Carol Warren, Billy Strickland, Donald Baines, Curtis Williams and Frances Williams.

### New Furrowing Plow

Plank & Thames of South Bay have recently completed a new furrowing plow to be used in planting sugar cane on the Harley Watson plantation. The new machine makes two furrows five feet apart in one operation and can be set at any depth up to 20 inches. It weighs 1200 pounds complete with fertilizer attachment.

Ralph Bishop, who is on a 30 day furlough, has been using the new implement to plant cane for his father, R. M. Bishop, and reports that it is very efficient. It is understood that the U. S. Sugar Corporation is watching the experiment with a view to adopting the new machine if it proves successful.

### Gathering Shekels

The Seventh Day Adventist membership of South Bay is busy with the annual Ingathering Campaign for funds to be used in rehabilitation and up-lift work in war ravaged mission fields. William C. Heath, pastor of the local church at Belle Glade, is in charge of the campaign.

### Locks Again Working

The locks in the Miami Canal at Lake Harbor have been reconditioned and a new spill-way installed and painted. The welding job on the locks was done by Plank & Thames. The work is now completed except the job of closing the valves.

The locks have been unused for so many years that the valves had become frozen and a diver with proper diving helmet for underwater work must be secured to do this work, arrangements for which have been made.

The Everglades Drainage Board is building a road between the highway and the locks to act as a dike to hold out any high water that might result from a wind tide on the lake. Rock for this road which is 300 feet long, is being hauled in by the Atlantic Coast Line railroad.

### Enjoyed Fish Fry

A fish fry was enjoyed Saturday evening at the Mallie Fay Walker home at South Bay, over an outdoor stove in the back yard. Those in the party

were Mr. and Mrs. Oneal Walker, Mr. and Mrs. Laverne Shiver, Mrs. Louise Mackey, Marjorie Byrd, Dorothy Walker, Don Barstow, Bud Baker, Bill Ferguson, Malcolm Beard.

### Build Celery Cutter

Plank & Thames have about completed a celery cutting machine which will cut a complete bed of celery at one operation. The new implement is of light construction and is driven by an air cooled engine.

### Revival at South Bay

Rev. Ted Temoschick, traveling American born Russian evangelist, now visiting Clewiston, started a two weeks revival at the South Bay Baptist church Monday evening. Services are being conducted each evening

at the church. The preliminary prayer service starts at 7:15 and the regular service at 7:30 p.m. The public is invited.

### Had Family Reunion
